

BENCH RACING

Overall: Johnny Barber

Johnny Barber (HSB) rides through dry trail conditions that made for a dusty day. Barber took the Overall win, dropping only nine points for the day. photo by Phil Bartow

Johnny Barber (HSB), a Pennsylvania native, is racing the ACES series for the first season. In the past, he competed in the National Enduro Series and GNCCs.

After a long night of driving Saturday, he said that didn't get to race location until 1:30a.m.

Although he prefers mud over dust, he said that knowing the conditions before the race, he was just hoping for a top three finish. This was his second overall win of the season.

He would like to thank Rich Smith from Smith's Powersports, Mac, Husaberg USA, ODI, Aires.com, and EBC brakes.
